EXPERIENCE

Parnassia Groep, Den Haag - Research Data Scientist

FEB 2023 - FEB 2024

At Parnassia Groep— the leading provider of mental health care in the Netherlands—I worked on a machine learning project concentrating on the early detection of psychosis for my master's thesis.

AZ Alkmaar, Alkmaar — Data Scientist

MAY 2021 - JUN 2021

At the football club AZ Alkmaar I worked as a data scientist during my Bachelor's Thesis. Responsible for making a neural network that objectively assesses a player's strength. I did this using Python.

Bits of Stock, Amsterdam — Data-analyst

JAN 2021 - MAY 2021

[Bits of Stock](#) is a Fintech company that works in customer loyalty. At Bits of Stock I was responsible for writing scripts that analysed transactional data.

EDUCATION

St. Ignatius Gymnasium — VWO

SEP 2012 - JUN 2018

Utrecht University — Bachelor's Artificial Intelligence

SEP 2018 - JUN 2021

With a minor in Computer Science.

Utrecht University — Master's Computing Science (Cum laude)

SEP 2021 - JUN 2024

During this master's program, I also completed an exchange at Monash University in Melbourne.
